

Uniflow[®] Compatible Filter Cartridges

Uniflow[™] Compatible Filter Cartridges are an affordable, safe replacement for traditional Zip branded filter cartridges used in boiling water appliances.

Uniflow Compatible cartridges are stringently tested for performance including:

1. Leak Testing - Check for the presence of miniature failures in the plastic shell
2. Burst Testing - Increase the pressure to burst pressure (>3400 Kpa)
3. Cycle Testing - 100000 cycles of repeated bouts of pressure cycling

Uniflow Compatible filter cartridges improve water quality by reducing dirt, rust, sediment, taste and odour while protecting the boiler from scale buildup. Approved for use in Australia, these filters will not breach supplier warranties.

Filter cartridges should be replaced every 6 to 12 Months or earlier depending on water quality.

Benefits

- Removes sediment, chlorine taste and odour
- Protects your system from scale
- Cyst Rated - 0.5 Micron Options

Applications

- Zip Hydrotap
- Zip Auto boil
- Zip Chillmaster
- Zip Chilltap
